**STATE OF MINNESOTA  
ONE-TIME TECHNICAL SERVICES CONTRACT**

This Agreement is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and [GIVE THE FULL NAME OF THE OTHER PARTY] ("Other Party").

**Recitals**

---

1. Under Minnesota Statutes Section 174.02, subdivision 6, the Commissioner of Transportation may enter into agreements with governmental or nongovernmental entities for research and experimentation, for sharing facilities, equipment, staff, or other means of providing transportation-related services; or for other cooperative programs that promote efficiencies in providing governmental services or that further the development of innovation in transportation for the benefit of the citizens of Minnesota; and
2. The parties wish to cooperatively provide inspection, testing, and sampling services for project; and, pay for all direct and indirect costs and expenses involved in the performance of the service under this contract.
3. Both parties are willing to enter this Contract to set forth their respective rights and duties.

**Contract**

---

**1. Term of Contract; Incorporation of Exhibits**

- 1.1. **Effective Date:** This Contract will be effective on the date signed by all necessary state officials, as required by Minnesota Statutes §16C.05, subdivision 2.
- 1.2. **Expiration Date:** This Contract will expire on 07/26/2024, or when all obligations have been satisfactorily fulfilled, whichever occurs first.

**2. Scope of Work**

- 2.1. Provide inspection, testing, reporting, and sampling services for project. Provide payment for all direct and indirect costs and expenses involved in the performance of the service after all products and report are shipped to the project under this contract.
- 2.2. MnDOT will provide: inspection, testing, reporting, and sampling services for project.
- 2.3. Contractor/Customer will provide: Provide payment for all direct and indirect costs and expenses involved in the performance of the service after all products and report are shipped to the project under this contract.
- 2.4. Remit payment to MnDOT in full within 30 days of invoice.

### 3. Consideration of Payment

- 3.1. State will invoice Customer as follows: The Customer will be invoiced upon execution of this contract. The payment for the above service is on a per piece or unit basis.
- 3.2. The Customer will make payment to the order of the Commissioner of Transportation.
  - 3.2.1. **IMPORTANT NOTE:** Payment must reference the MnDOT Contract Number shown on the face page of this contract and the MnDOT Invoice Number shown on the invoice.
  - 3.2.2. Remit payment to the address below:

MnDOT  
Attn: Cash Accounting  
RE: MnDOT Contract Number [XXXXXXX] and Invoice Number: 00000[#####]  
(see note above)  
Mail Stop 215  
395 John Ireland Blvd  
St. Paul, MN 55155

### 4. Contract Personnel

- 4.1. MnDOT's Authorized Representative will be:

Name/Title: Jemal Jeju/Principal, or successor  
MnDOT – ESD/OMMR  
Street Address: 1400 Gervais Avenue  
City State Zip: 55109  
Telephone: 651-366-5539  
Email: Jemal.jeju@state.mn.us
- 4.2. Contractor/Customer's Authorized Representative will be:

Name/Title: [REDACTED], or successor  
Street Address: [REDACTED]  
City State Zip: [REDACTED]  
Telephone: [REDACTED]  
Email: [REDACTED]

### 5. Liability

- 5.1. Each party is solely responsible for its own acts or omissions associated with the tasks and deliverables covered by this Contract. The liability of the State is governed by Minn. Stat. §3.736 and other applicable law. [THE LIABILITY OF CONTRACTOR IS GOVERNED BY MINN. STAT. CHAPTER 466 AND OTHER APPLICABLE LAW].

### 6. Audit

- 6.1. Under Minnesota Statutes §16C.05, subdivision 5, the books, records, documents and accounting procedures and practices of the Contractor relevant to this Contract are subject to examination by State and the Legislative Auditor for a minimum of six years.

### 7. Jurisdiction and Venue

- 7.1. Minnesota Law governs the validity, interpretation and enforcement of this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in Ramsey County, Minnesota.

### 8. Government Data Practices

- 8.1. The parties must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by under this [Contract](#), and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the parties under this Contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this clause by either of the parties.

**9. Assignment, Amendments, Waiver, and Contract Complete**

- 9.1. **Assignment.** Neither party may assign nor transfer any rights or obligations under this Contract without the prior consent of the other party and a fully executed Assignment Agreement, executed and approved by the same parties who executed and approved this Contract, or their successors in office.
- 9.2. **Amendments.** Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed this original Contract, or their successors in office.
- 9.3. **Waiver.** If a party fails to enforce any provision of this contract that failure does not waive the provision or the party's right to subsequently [enforce](#) it.
- 9.4. **Contract Complete.** This contract contains all negotiations and Contracts between the parties. No other understanding regarding this [contract](#), whether written or oral, may be used to bind either party.

**10. Termination**

- 10.1. This Contract may be terminated by either party, with or without cause, upon 30 days written notice to the other party

**[THE BALANCE OF THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK]**

**CONTRACTOR/CUSTOMER**

The Contractor/Customer certifies that the appropriate person(s) have executed the contract on behalf of the Contractor/Customer as required by applicable articles, bylaws, resolutions or ordinances.

*Before the*  
**BOIS DE SIOUX WATERSHED DISTRICT**

---

**In the Matter of:**

**the Petition to Establish  
Bois de Sioux Watershed District  
Ditch No. 5**

**PRELIMINARY FINDINGS AND  
ORDER APPOINTING ENGINEER**

---

Bois de Sioux Watershed District Ditch No. 5 (“BdSWD Ditch #5”) is under the drainage authority jurisdiction of the Bois de Sioux Watershed District. These improvement proceedings are being filed with the Bois de Sioux Watershed District Board of Managers (the “Board”) in accordance with Minn. Stat. § 103E.212. As a result, the Board convened on July 20, 2023, at 8:00 AM at the Bois de Sioux Watershed District Office, 704 Hwy 75 South, Wheaton, Minnesota 56296. Based on the record and proceedings, Manager \_\_\_\_\_ moved, seconded by Manager \_\_\_\_\_ to adopt the following Findings and Order:

**FINDINGS:**

1. A PETITION FOR ESTABLISHMENT OF NEW DRAINAGE SYSTEM BDSWD DITCH NO. 5 was filed on April 18, 2023, (the “Petition”) with the Administrator of the Bois de Sioux Watershed District (the “District”), on behalf of its Secretary, requesting to establish BdSWD Ditch #5 pursuant to Minn. Stat. § 103E.212. A copy of the Petition is attached hereto as **Exhibit A**.
2. On April 18, 2023, the District’s Attorney requested missing pages from the petition in accordance with Minn. Stat. § 103E.238. The missing pages were subsequently provided. On May 23, 2023, the District’s Attorney returned the petition to the petitioners in accordance with Minn. Stat. § 103E.238 as the petition lacked a starting point, the general course, and the terminus of the proposed drainage system; a list of owners of 40 acre tracts that the proposed system cross over; and insufficient signatories to the petition.
3. On June 28, 2023, the Petition was returned with the starting point, the general course, and the terminus of the proposed drainage system; a list of owners of 40 acre tracts that the proposed system crosses over; and additional signatures. On July 17, 2023, the District’s Attorney determined that the Petition and bond (checks in the amount of \$60,000) met the requirement of the proceedings for the establishment of BdSWD Ditch #5.
4. The District Administrator will deposit the personal checks in a separate account to be held in the event these proceedings are dismissed or a contract is not awarded for this project.
5. The Board finds that it has jurisdiction over these proceedings and, pursuant to Minn. Stat. § 103E.241, subd. 1, desires to appoint an engineer to make a preliminary survey report.

### **ORDER:**

Based on the foregoing Findings and the entire record of proceedings before the Board, the Board, via authority granted under Minn. Stat. § 103E.212, hereby orders as follows:

1. That Chad Engels, Moore Engineering, Inc. (the “Engineer”), is hereby appointed as the project engineer for these proceedings and shall make a preliminary survey and preliminary survey report pursuant to Minn. Stat. § 103E.245.
2. Prior to commencing any work, the Engineer must subscribe to an oath to faithfully perform the assigned duties in the best manner possible and file a bond (certificate of commercial general liability and professional liability insurance) with the District Administrator within ten (10) days after being appointed.
3. The Engineer may appoint assistant engineers and hire help necessary to complete the Engineer’s duties. The Engineer shall be responsible for the assistant engineers and may remove them.
4. The Engineer shall make an expense report every two (2) weeks after the beginning of the Engineer’s work until the construction of the contract is awarded. The report must show costs incurred by the Engineer and expenses incurred under the Engineer’s direction relating to the proceeding, and include the names of the Engineer, engineer assistants, and employees, the time each was employed, and every item of expense incurred by the Engineer. The Engineer must file this report with the District Administrator as soon as possible and may not incur expenses for the proceeding greater than the petitioners’ bond.
5. Upon filing of the preliminary survey report, the District Administrator shall promptly notify the Board and shall set a time, by order, not more than thirty (30) days after the date of the order, for a hearing on the preliminary survey report.

***[Remainder of page intentionally left blank.]***

After discussion, the President called the question. The question was on the adoption of the foregoing Findings and Order, and there were \_\_\_\_\_ yeas, \_\_\_\_\_ nays, \_\_\_\_\_ absent, and \_\_\_\_\_ abstentions as follows:

	Yea	Nay	Absent	Abstain

I, Jamie Beyer, Bois de Sioux Watershed District Administrator, do hereby certify that I have compared the above motion, findings, and order with the original thereof as the same appears of record and on file with the Bois de Sioux Watershed District and find the same to be a true and correct transcript thereof. The above order was filed with me, Jamie Beyer, Bois de Sioux Watershed District Administrator, on \_\_\_\_\_, 2023.

IN TESTIMONY WHEREOF, I hereunto set my hand this \_\_\_\_ day of \_\_\_\_\_, 2023.

\_\_\_\_\_  
Jamie Beyer, Administrator

**EXHIBIT A**

PETITION FOR ESTABLISHMENT OF NEW DRAINAGE SYSTEM BDSWD DITCH NO. 5

(26 PAGES)

STATE OF MINNESOTA  
*Before the*  
BIOS DE SIOUX WATERSHED DISTRICT  
SITTING AS THE DRAINAGE AUTHORITY FOR  
A NEW DRAINAGE SYSTEM: **BDSWD DITCH NO. 5**

In the Matter of:

the Petition for Establishment of  
*New Drainage System:*  
**BDSWD DITCH NO. 5**

PETITION FOR ESTABLISHMENT OF  
*New Drainage System:*  
**BDSWD DITCH NO. 5**

Pursuant to Minn. Stat. §§ 103E.202 and 103E.212, Petitioners seek the establishment of New Drainage System: **BDSWD DITCH NO. 5**. For their Petition, the undersigned Petitioners state and allege the following:

1. Petitioners seek the establishment of New Drainage System, referred to as **BDSWD DITCH NO. 5**, located in **Sections 19, 20 and 21 of Eldorado Township, Stevens County, and Section 24 in Dollymount Township, Traverse County.**
2. The following is a description of the starting point, general course, and terminus of the proposed drainage system:

**MAIN**

Commencing at a point in the:

Quarter Quarter: _____	SW1/4SW1/4	(for eg, NE1/4NE1/4)
Section Number: _____	21	
Township Number: _____	T126	
Township Name: _____	Eldorado	
Range Number: _____	R44	
County: _____	Stevens	
State: _____	Minnesota	

General Description of the Course of the Proposed Drainage System:

**Beginning at Traverse County Ditch 37, Lateral 1 at the southwest corner of the southeast quarter of Section 24, Township 126 North, Range 45 West, Dollymount Township, Traverse County, thence continuing easterly along the south line of Section 24, Township 126 North, Range 45 West, Dollymount Township, Traverse County, thence continuing**

**easterly along the south line of Sections 19 and 20, Township 126 North, Range 44 West, Eldorado Township, Stevens County, and terminating at the southeast corner of Section 20, Township 126 North, Range 44 West, Eldorado Township, Stevens County.**

Terminating at a point located in the:

Quarter Quarter: SW1/4SE1/4 into TCD #37 L1 (for eg, NE1/4NE1/4)  
Section Number: 24  
Township Number: T126  
Township Name: Dollymount  
Range Number: R46  
County: Traverse  
State: Minnesota

---

**LATERALS (IF ANY)**

---

Commencing at a point in the:

Quarter Quarter: \_\_\_\_\_ (for eg, NE1/4NE1/4)  
Section Number: \_\_\_\_\_  
Township Number: \_\_\_\_\_  
Township Name: \_\_\_\_\_  
Range Number: \_\_\_\_\_  
County: \_\_\_\_\_  
State: \_\_\_\_\_

General Description of the Course of the Proposed Drainage System:

Terminating at a point located in the:

Quarter Quarter: \_\_\_\_\_ (for eg, NE1/4NE1/4)  
Section Number: \_\_\_\_\_  
Township Number: \_\_\_\_\_  
Township Name: \_\_\_\_\_  
Range Number: \_\_\_\_\_  
County: \_\_\_\_\_  
State: \_\_\_\_\_

3. The 40-acre tracts or government lots and property where the proposed drainage system passes over, including the names and addresses of the property owners from the records in the county assessor's office is as follows on Exhibit A.

4. The proposed drainage system is necessary because (enter statement as to why the proposed drainage system is necessary):

**Landowners wish to improve the township road adjacent to the proposed ditch by utilizing the excavated material from the channel. The area to be drained by this new system has limited existing drainage; the existing systems are not sufficient and thus causes a lack of drainage. An improved township road will provide access to adjacent lands, and the new drainage ditch is necessary in order to adequately drain the land and increase potential for crop production.**

**The proposed drainage system is necessary in order to provide adequate drainage to the adjacent landowners.**

5. The proposed drainage system will benefit and be useful to the public and will promote public health.
6. Petitioners will pay all costs of the proceedings if the proceedings are dismissed or the contract for construction of the proposed drainage system is not awarded.
7. A bond, or personal checks, in the amount of at least \$60,000 is attached hereto, payable to the Bois de Sioux Watershed District conditioned to pay the costs incurred if these

proceedings are dismissed or a contract is not awarded to construct the drainage system proposed in this Petition. Petitioners acknowledge and agree that additional bonds may be required as additional costs are incurred in these proceedings.

8. Petitioners are the owners of \_\_\_\_\_ of the \_\_\_\_\_ 40-acre tracts or government lots and property (a majority of the owners of the property that the proposed drainage system described herein passes over/property owners of at least sixty percent of the area that the proposed drainage system passes over).
9. Petitioners, having been represented by counsel or having waived the right to counsel, acknowledge that they have had the opportunity to review this Petition. No rule of construction that would cause any ambiguity in any provision to be construed against the drafter of this Petition will be operative against any party to this Petition.
10. Each petitioner represents and warrants that they have the authority to execute this Petition.
11. This Petition may be signed in counterparts, each of which shall be deemed an original, and which taken together shall be deemed to be one and the same document.
12. Upon execution of this Petition by the requisite number of signatories, Petitioners will file this Petition with the Administrator of the Bois de Sioux Watershed District.

Respectfully submitted this \_\_\_\_\_ day of \_\_\_\_\_, 202\_\_ by:

***[Petitioners' signatures contained on the following pages.]***

Note: All signatories to this Petition must indicate the capacity in which they sign, i.e., owner, co-owner, corporate official, or government lot.

In the case of a partnership, only one general partner need sign.

In the case of a corporation, only one corporate official need sign.

In the case of co-ownership, all co-owners must sign.

In the case of a trust, all trustees must sign.

Be sure all signature blocks are fully completed. If you are unsure of whom must sign, please contact Petitioners' attorney.

**STATE OF MINNESOTA**  
*Before the*  
**Bois de Sioux Watershed District**  
**SITTING AS THE DRAINAGE AUTHORITY FOR**  
**Grant County Ditch No. 3**

**In the Matter of:**

**Petition to Repair  
Grant County Ditch No. 3**

**PETITION – OPTION B**

Pursuant to Minn. Stat. § 103E.715, Petitioners seek the repair of Grant County Ditch No. 3 (GCD #3). For their Petition, the undersigned Petitioners state and allege the following:

**FINDINGS**

1. Petitioners request the repair of GCD #3 pursuant to Minn. Stat. § 103E.715.
2. GCD #3 provides beneficial drainage to tracts, government lots, and properties located in the area illustrated on the map attached as **Exhibit A**.
3. GCD #3 needs repair. Several informal landowner meetings have been held to discuss the condition and use of the ditch system. It is evident that GCD #3 has experienced side slope erosion and some culverts along the channel require replacement. This repair will include maintenance to the channel, repairing failed side slopes, and addressing issues identified in the 2021 inspection report.
4. The repair of GCD #3 is necessary in order to restore the drainage system as nearly as practicable to the same hydraulic capacity as originally constructed and subsequently improved and to remove obstructions and maintain the efficiency of the drainage system.
5. (A) The repair of GCD #3 is necessary for the best interests of the affected property owners. **OR** (B) This Petition is signed by the owners of at least twenty-six percent (26%) of the property area affected by and assessed for the original construction of the drainage system.
6. The repair of GCD #3 is needed because the drainage system no longer serves its original purpose.
7. Petitioners request that the District appoint an engineer to examine the drainage system and make a repair report. The engineer's report must show the necessary repairs, the estimated cost of the repairs, and all details, plans, and specifications necessary to prepare and award a contract for the repairs.
8. Petitioners represent that they are the owners of property assessed for the original construction of GCD #3.

9. This Petition may be signed in counterparts meaning that this Petition is valid if signed by each party even if the signatures of the parties appear on separate copies of the same petition rather than on a single document.

Respectfully submitted this \_\_\_\_\_ day of \_\_\_\_\_, 2023.

**RED RIVER BASIN  
FLOOD DAMAGE  
REDUCTION** WORK  
GROUP

## 25th Anniversary Celebration & Tour

Plan to join us to celebrate 25 years of the Red River Basin Mediation Agreement. We will have presentations highlighting past and ongoing work, followed by a tour of local projects planned using FDRWG's project team process.

**FDRWG**

## **Drainage Work Group (DWG) Meeting**

July 13, 2023

Following the welcome and introductions, Tom Gile, Board of Water and Soil Resources (BWSR) gave an overview of the agenda. Information was provided about the following drainage-related events.

- Minnesota Watersheds Summer Tour: June 20-21 in Albert Lea
- Drainage Research Forum
- Viewers meeting: July 20 at Jackpot Junction
- Minnesota Association of Drainage Inspectors (MADI)/Auditors fall meeting: August 16-18 at the Holiday Inn in St. Cloud

### **2023 DWG Prioritization List**

Tom Gile summarized the prioritization list. There has been a request to add legislation for storage in 103E and storage in other waterbodies. A new idea presented was adding a drainage authority's ability to make incremental changes to viewers' reports based on conditional use permits and lifecycle changes of land use.

Comments:

- Environmental groups would like to see the 1W1P and TMDL/WRAPS processes moved to a high priority.
- AMC did not object to this, but cautioned against having so many high priorities that there are no priorities.
- Minnesota Watersheds did not object. From a watershed perspective, integrating grants into drainage management is what we are all about.

### **Outlet Adequacy Technical Group Status Update**

Rita Weaver, BWSR gave an update on the outlet adequacy subcommittee meetings. The subcommittee meets in person monthly. To date, they have met four times. There is not uniform agreement about water quality and quantity issues. The group started their discussions in areas where there is agreement. They intend to suggest practices for how to view an adequate outlet, but are not going to be suggesting policy approaches. The draft report will be sent to the DWG for consideration and next steps.

Comments:

- "It depends" is the answer to many of the questions that have been raised during discussions.
- The focus of the discussions have been on subdivision four – flooding, outlet stability, and receiving drainage system. Water quality is addressed in subdivision six and addressing that may require another work group.
- The environmental groups believe that all nine considerations must be addressed to determine an adequate outlet.
- The criteria for a drainage authority to consider are the nine items in M.S. 103E.015, Subd. 1. If the goal is to get agreement that outlet adequacy and water quality are one and the same, agreement will never be reached.
- BWSR believes that a report on outlet adequacy must be presented before legal questions can be addressed. There is a separate directive to review drainage authority powers.
- Because of the perceived time crunch, the environmental groups want the subcommittee to focus on the "legal questions". They also want the report to contain the differences of opinion.

### **Notification Requirements and Recommendations Update**

Tom Gile gave an overview of the document he developed that contains notification requirements in 103E. There are multiple references to publication options and timelines, as well as the intended audience. Tom will distribute the document for review and comment. After receiving comments, he will attempt to

categorize notification requirements by costs (high, medium, and low), stakeholders in the decision process, type of project, and public hearing requirements.

Comments:

- AMC and Minnesota Watersheds will be doing a survey of members to gather information about the work they are doing for notification and what they are doing that is above and beyond the statutory requirements.
- It is important to understand who the stakeholders are.
- There is a difference between soliciting information from the public and what is germane to the landowners in the drainage system.

### **Drainage Authority Powers Status Update/Next Steps**

Lukas Croaker explained the document he drafted regarding drainage authority powers. This document is limited to 103E and does not include watershed district powers in 103D. Next steps would include adding real world context.

Comments:

- It would be helpful to understand the intent behind the statutory directive.
- The drainage authority makes decisions, but the system and structures are owned by landowners.
- The legislative language only directs review of drainage authority powers, not a report.
- Environmental groups would like drainage authorities to inform the DWG if there is a lack of authority or gaps in authority in drainage law. They want to know if the language works or if it is a barrier.
- The environmental groups intend to add more statutes to the document. They also want to know that if a drainage authority has the authority to construct dams or dikes, do they also have the authority to deconstruct.
- Additional comments should be submitted to Lukas Croaker within a week.

### **Storage Grants and 103E**

Rita Weaver said that the funds for the storage grant pilot program have been awarded. Bois de Sioux WD received \$1M. BWSR is in the process of developing an RCPP grant application to match the \$17M in storage funds that were designated through the Clean Water Fund. The application is due April 18. The priority area for these funds is the Minnesota River basin and lower Mississippi River basin. Applicants can be statewide, but applications in the priority area receive an additional 10 points. If RCPP funds are received, they would only be available in the priority areas.

BWSR believes it would be worth exploring how the funds could be used in 103E projects. Through watershed planning, where a storage project could be done can be pinpointed. Landowners can be directly contacted. There is a 25 year requirement for practices to remain in place.

BWSR would like to see these funds used to incorporate storage and that an improvement not be done. Under the pilot program requirements, 103E improvements are not eligible, but repairs are eligible.

Comments:

- Who maintains and owns the storage project? If it is part of a 103E drainage system, it would be the system that is responsible for repair and maintenance. If it is not tied to a drainage project, it depends.
- BWSR has expressed concern that an improvement may offset the benefit of storage. That is not always the case. Storage criteria could be developed to eliminate that concern.
- The environmental groups want the watershed-based approach and moving 1W1P and TMDLs a higher priority so that they are not just considered, but that they are a stipulation for adequate outlet.

They want 1W1P and TMDLs information on water quality to be used to pinpoint locations for storage.

- AMC expressed concerns that it doesn't take much to trigger the need for an improvement. Money is needed for storage in 103E projects.
- BWSR believes that the opportunity to do storage could be a great time to stop the need for an improvement project.

#### **Runoff and Sediment Repair Cost Apportionment Sunset**

Tom Gile reported that the RDSO is scheduled to sunset in 2024. Information is needed to determine whether this should continue to be an option or if it should be allowed to sunset.

#### **Next Meeting**

August 10: In-person in St. Cloud Location TBD. There are conflicts with the September meeting date. A new date will be chosen.

The meeting adjourned at 2:00 p.m.

Meeting notes by Jan Voit

...

Sure the Great Lakes are great, and big, but they are babies compared to Lake Agassiz.

During its greatest size, it stretched from Saskatchewan to Ontario and altered the landscape of the Canada we know and love today.

Join me on this thread about that amazing lake!

3:17 PM · Jul 25, 2023 · 377.7K Views

The story of Lake Agassiz begins at the end of the last ice age, when the ice sheets retreated and melted into an immense lake that was more sea than lake.

About 14,000 years ago, the lake covered most of the Red River Valley in Manitoba, North Dakota & Minnesota.

...

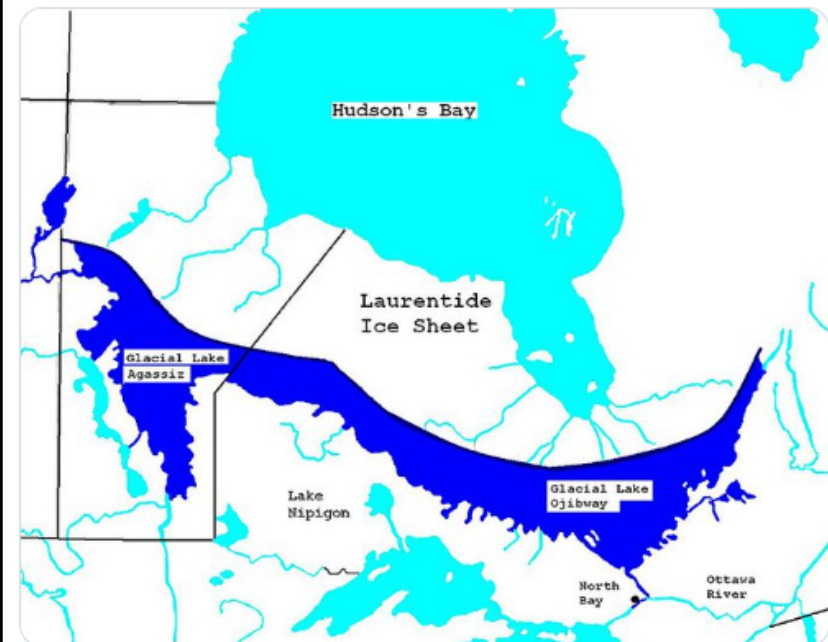

As the ice sheets continued to melt over the next 1,000 years, the lake began to expand into present-day Ontario. At this point, it had an average depth of about 258 metres.  
By 10,000 years ago, the lake had continued to expand northward into present-day Saskatchewan.

...

About 9,000 years ago, the lake merged with Lake Ojibway, to form one long lake that stretched from Saskatchewan to Quebec. Its northern border was along the ice sheet as it retreated.  
Eventually, as the ice sheet moved farther north, Lake Agassiz began to drain.

...

Today, Lake Winnipeg, Lake Manitoba, Lake Winnipegosis, Lake of the Woods and Red Lake all formed from Lake Agassiz. The fertile soils of the Red River Valley were formed from the silt deposits of Lake Agassiz throughout its life.

Lake Ojibway, was at its greatest extent about 8,500 years ago. It didn't last long and drained suddenly 8,200 years ago when an ice dam broke. The draining of the lake may have caused a sudden cooling of the planet that lasted about 200-300 years.
